May 28 1996.

Dear Peter,

Today I received the letter and cards from  
Geoffrey Foxgill. Cordwainers Friends Club  
in which he mentions You.

So I rang you up and as a residue of Footwear fellowship  
I linked your company with history.

In the 1850's a person of this area named James Taylor Son John.  
of the Friends Meeting house at Crawshawbooth  
Rossendale. Aged suggested by folklore 18 to 20  
to come to London to take up the Technical Education  
of the newly formed Cordwainers. college.  
My Family was in heavy footwear in Preston in 1424 AD. according  
to Preston Guild of which he was Mayor with 7 Sons. in Footwear  
James Taylor's family were associated in 1820. making Heavy Boots  
Wood Soles. Felt Lined.

Population Low. Machine age starting. Goodwill everywhere as  
the Cotton Trade developed from Water Wheel to  
Steam. Incomers from Ireland ~~Populate~~ famine  
and Norfolk.

Ltd companies started and failed. Children barefoot needed footwear  
Trains commenced. Discarded Carriage seating. made up into footwear

And in 1935 the district had 52 Companies.

12000 employees 39 Million pairs per year Now  
in 1996 Big Firms closed. over 50 small ones  
has taken their place and are organised as James  
Taylor catalogue of showed. Page 287. Press was  
invented in Waterfoot. Whose engineer started  
Hong Kong as a free Port for trade in a breakdown.  
Folk Lore abounds in this "shut in area" of then.

SO. I send this book. to Peter. for sight of the joy. that made Rossendale  
great. Patten Makers and Cordwainers memories. John.W.Johnson.

## IMPORTANT NOTICE.

**A**S we have been put to a very great expense in compiling and issuing this catalogue, we respectfully request our clients not to cut illustrations from the list when ordering. Stating the article required, and giving price and list number, will be sufficient and prevent spoiling the book for future reference.

Any article required may be quickly found by referring to the index, which embraces every item contained in the catalogue. By this means our customers will find a great saving in time when ordering.

Should the list be of no service to you, we shall esteem it a favour if you will return same to us. We will willingly defray any expense you may be put to, or if you have a friend in the trade to whom it may be useful, you will be doing us a service by passing it on to him.

Thanking you in anticipation of your kindly complying with the above.

## INTRODUCTION.

**M**ESSRS. JOHN TAYLOR & SON have much pleasure in again submitting their new and entirely revised Price List, which, it will be seen, has been greatly enlarged, and a new section added for a complete range of Men's, Women's, and Children's Boots, Shoes, and Slippers.

In thanking our numerous friends for their valuable support accorded in the past, we confidently expect a continued and largely increased measure of the same in the future.

Every effort has been, and will continue to be, made to keep fully abreast with the times.

Small profits, quick returns, and a large turnover, form the system in operation.

There can be no doubt that limitation of space has been the only hindrance to a much larger development of trade, but this has been overcome by the acquisition of the adjoining premises; and now that the necessary alterations are completed, we are in a far better position to meet all the requirements of our present trade, and to give every attention to the increased business which has already begun as the result of our enterprise.

**JOHN TAYLOR & SON,**

## ORDERS BY POST.

**We give special attention to this department, and orders received by morning's post are despatched early in the day.**

By arrangement with the Postal Authorities, their Parcel Vans call several times daily for collection; also the various carriers and railway companies.

JOHN TAYLOR & SON beg to call attention to the great facilities they have for the despatch and conveyance of Goods to all parts of the Kingdom. The proximity of their premises to the Four Largest Railway Companies in England enables them to forward Goods by Passenger or Luggage Train to all parts of England, Ireland, Scotland, or Wales, without any delay.

Goods for Town or Suburban Districts forwarded by London Parcels Delivery Company or Carter, Paterson & Co., both of which firms collect several times daily; or, in the case of Small Parcels, by Parcels Post, which will be found very serviceable for all parts of the country.

We endeavour to despatch all orders the same day as received, and, if necessary, draft extra hands to this department.

Orders from customers having no regular account with us, must be accompanied with full amount for Goods, and Postage if to be sent by Post. Any departure from this rule will cause delay of Parcel till balance is received, as our prices are for cash without the risk of loss.

Goods not returnable after 7 days. All returned Parcels must be prepaid.

Terms: A discount of 2½ per cent. for cash on sums over ten shillings.

## FOREIGN AND COLONIAL ORDERS.

Foreign orders, if not forwarded through a merchant in this country, should be accompanied by the full amount in cash, or with instructions for a London Banker to pay us on our submitting to him the Bills of Lading, with invoice.

When goods are ordered from the Colonies through a British agent, we advise our customers to send direct to us copies of order, with the name and address of agent. This will often save delay, and also allow us more time to attend to orders.

Customers should state by what route goods are to be forwarded; whether in tin or oil lined cases, or shipping trunks; and also as to Insurance.

Trunks and packing cases charged at cost price.

**We also undertake miscellaneous indents, embracing every description of goods. These have our best attention, and lowest possible prices are charged.**

2½ PER CENT. DISCOUNT ON 10/- AND UPWARDS.

## Postal Regulations, &c.

Uppers or other articles weighing less than 12 oz. may be sent by LETTER POST, and above that weight by PARCELS POST, at the under-mentioned rates, where also will be found particulars of Post Office Orders and Postal Notes; an examination of these will show the small expense attending transactions by Post. But where the distance is not too great, a personal visit would be a decided advantage. For Trains, Trams, &c., see page 6.

### LETTER POSTAGE.

Not exceeding 4 oz., 1d.; above 4 and under 6 oz., 1½d.; above 6 and under 8 oz., 2d.; above 8 and under 10 oz., 2½d.; above 10 and under 12 oz., 3d.

PARCELS up to 11 lb. weight may be sent by Parcels Post. Size allowed for each package is: Greatest length, 3 ft. 6 in.; greatest length and girth combined, 6 ft.

Loss or Damage of Parcels while in the Post is made good up to £2 without extra fee. Parcels of higher value, up to £5, can be insured for a fee of 1d.; or 2d., up to the value of £10.

### POSTAL NOTES.

Notes for 1/- or 1/6, ½d.; notes for 2/- or 2/6, 1d.; notes for 3/- or 3/6, 1d.; notes for 4/- or 4/6, 1d.; notes for 5/- or 7/6, 1d.; notes for 10/- or 10/6, 1d.; notes for 15/- or £1, 1½d.

### MONEY ORDERS (Inland).

For Sums not exceeding £1, 2d.; not exceeding £3, 3d.; above £3 and not exceeding £10, 4d. The sender must give his name and address, also the receiver's name.

Post Office Orders should be made payable to JOHN TAYLOR AND SON, at the General Post Office, St. Martin's-le-Grand. Postal Orders and Cheques should be crossed London and South Western Bank.

### TELEGRAPH MONEY ORDERS.

Money may be transmitted by Telegraph Money Orders (with particulars of goods required) from any money order office in the United Kingdom, which is also a *despatching* office for Telegrams. For goods that are urgently required this mode of forwarding cash will be found most advantageous.

The rates of commission on Telegraph Money Orders are:

For Sums not exceeding £3 ... 4d.

For Sums above £3 and not exceeding £10 ... 6d.

The sender of a Telegraph Money Order may forward particulars of goods required in the space provided for the purpose on the requisition form. The charge for such message being in addition to the commission.

COUNTRY ORDERS RECEIVE PROMPT ATTENTION.

EVERY REQUISITE SUPPLIED FOR THE TRADE.

# CLOSED UPPERS.

**A**n immense assortment always on hand; hence it will seldom occur that our customers will require any article which may not be supplied from stock.

In ordering from the following List, the MARGINAL NUMBER, price, SIZE, and substance required will be sufficient description. The use of the marginal number will save much trouble and many mistakes. The length of the last is sufficient, the heel and leg always being cut in proportion, except Wellingtons, when size of heel should also be given.

## *We pay special attention to Bespoke work,*

a Branch of our Trade which has developed to an extraordinary extent. We require as a rule two days for special pairs, which must in every case be accompanied by a deposit. For long work a few days extra are required.

### SMALL SIZES.

Men's 5 size are charged 4d. per pair under List Price.

Women's 1 size are charged 6d. per pair under List Price.

Women's 2 size are charged 3d. per pair under List Price.

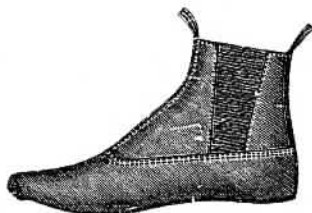

**SPECIAL NOTICE.**—All our best Balmoral Uppers are fitted with fast colour eyelets.

PLEASE NOTE.—We cannot hold ourselves responsible for the wear of Patent Calf. We always use best quality skins, but the Manufacturers will not guarantee the wear.

SETS OF BOTTOM STUFF READY FOR USE—SEE NEXT PAGE.

## COMPLETE SETS OF BOTTOM STUFF.

WE are now supplying for the convenience of our country customers the following lines in Sets of Bottom Stuff.

The whole of the leather is of the very best Oak Bark Tannage, and we can confidently recommend them as the best and cheapest a shoemaker can use. There is absolutely no waste, and everything ready to his hand.

We select in four grades, viz.:—*LIGHT, MEDIUM, STOUT,* and *EXTRA STOUT*, at the following prices, or we can send any article separate at the prices quoted herewith.

### MEN'S SETS.

	Light Substance.	Medium Substance.	Stout Substance.	Extra Stout Substance.

### DIRECTIONS FOR USING TOE STIFFENERS.

After the lining is lasted bring the upper back, then put on the Toe Stiffener with a little paste, put it on as close as possible to last, trim it as close as possible to the insole (there is no sewing necessary), then last the upper as usual. In case the Stiffener should not be close enough to last take a hot Heel Iron and press well down to the last.

### Directions for Driving and Clinching Rivets with a Hammer.

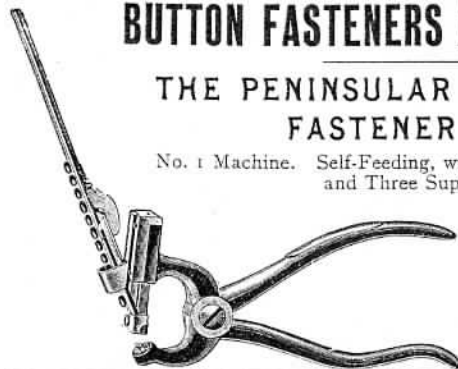

Insert Rivet in Hand Tool, then drive Rivet through the material on to the end of a block of wood or lead, which will receive the tips of the prongs. Turn the material over, rest the head of Rivet on a smooth piece of iron surface, spread the prongs and hammer smooth. Care should be taken to select Rivets to suit the thickness of material to be riveted. A Rivet  $\frac{3}{8}$  in. longer than thickness of material for hard leather, and  $\frac{1}{2}$  in. for spongy leather, will give good results. The above directions are printed on each box.

THIS RIVET FORMS A STRONG RELIABLE CLINCH.

## "Record" Boot Dressings

### "RECORD" LIQUID SIZE.

This Dressing has been very carefully prepared for Boot and Shoe Manufacturers and Dealers, for finishing new stock and restoring shop goods to their original appearance; and is made absolutely free from anything that will injure the leather.

May also be used for Carriage Tops, Saddles, Trunks, Bags, and all leather goods.

**Directions:**—The leather must be clean and dry. Apply with a clean sponge, giving a quick, easy motion. A good finish will be the result.

Sold in quart and gallon tins and casks.  
(American Measure.)

Manufactured in England by  
**LORD BROS. & CO.,**

Manufacturers of  
"Record" Boot Creams, Blacking, etc.,

## ONCE UPON A TIME

many years ago, Truth and Falsehood went bathing together. Falsehood left the water before Truth, and stole Truth's clothes. Ever since then it has been called the "Naked Truth."

When I tell you that **DALES' Gold Medal DUBBIN** is made from ten of the best ingredients that money can buy, and that it has been proved to be by far the best **DUBBIN** for Waterproofing, Softening, and Preserving Boots and Harness, and for bringing trade to a dealer's shop, I am telling you the "Naked Truth."

Dealers find that the first sale isn't the only one. The demand for it grows and grows, and customers are thereby attracted to their shop. If you sell **DALES' DUBBIN**, you know this is the "Naked Truth."

But if you have never sold **DALES' DUBBIN**, and will write me direct and say so, enclosing trade card or bill head and 35 stamps, I will forward, carriage paid, a sample parcel to retail for **6s.** Then you will prove how **DALES' DUBBIN** brings custom to your shop. Further supplies can then be obtained from Messrs. JOHN TAYLOR & SON, in tins at 1d., 2d., 6d., 1/-, and 2/6.

Equally first-class are **DALES' TAN POLISH, BOX CALF POLISH, KID REVIVER, &c.**, quoted on page 272 of this list. 22 Exhibition Highest Awards for superiority. NUF SED.

SPECIAL QUOTATIONS FOR QUANTITIES.

BEATS ALL.

ABSOLUTELY  
BETTER THAN  
ANY HEEL BALL.

MADE IN  
TWO COLOURS,  
JET BLACK,  
AND  
NUT BROWN.

The above is a new finish just invented, being a combination of Ink, Heel Ball and Fake. Easily applied with a camel hair brush, dries in five minutes, then the warm glazing iron passed over produces a brilliant, permanent polish far ahead of any heel ball, and only a tenth part of the labour expended.

NO  
BOOTMAKER  
OR  
REPAIRER  
SHOULD BE  
WITHOUT IT.

This is the new Bottom Finish, doing away entirely with rasping, buffing, sand-papery, etc. Produces a beautiful, cream-coloured bottom without labour. Enormous saving of time. No repairer can afford to be without it. The very thing for retailers to renovate the bottoms of shop-soiled stock.

# STYCCO

## THE NEW CEMENT.

This Cement is the latest scientific production for sticking soles to pumps, and single sole boots and shoes; thereby effecting an enormous saving in time and labour upon the old process of turning and sewing.

By its use a pump sole or single sole repair can be made much neater and stronger. This invention, we claim, has been required for years past.

# STYCCO

"Stycco" is also unrivalled for sticking on "invisible" patches, containing about ten times the adhesive properties of other preparations. In use it will be found cheaper, quicker, and more lasting than any other make yet introduced.

N.B.—It is the only Cement that can be used with Patent Calf, and has been proved successful where all others have failed. Full instructions for using on each bottle.

# BRADBURY'S ALL ROUND FEED A1 REPAIRING MACHINE.

Wholesale Price, with Extension Table complete - £7 0 0

Arm is made of steel, with no projection on the side.

Length of Arm, 11½ inches. Shuttle Box size of a Shilling.

**A Complete all-round Feed.**—The Feed has been recently altered, and it now turns all the way round, and will do perfect sewing in every direction.

**A Patented Shuttle.**—The Shuttle is made from solid Steel; it holds a larger Reel, has a more uniform tension, and is more durable than any other in the market.

**The Needle** enters at the end, and in the centre of the Arm, which enables the operator to sew patches on with the greatest ease.

Bradbury's Machines are also made as above, with stronger levers and fittings for Waxed Thread work.

Wholesale Price, with Extension Table complete - £7 15 0

## Jones' New Boot Closing Machine.

For Particulars and Prices  
see page 285.

WE CAN RECOMMEND ABOVE FROM PERSONAL EXPERIENCE.

## Jones' New Boot Closing Machine

Will do a wider range of work than any other Machine in the Trade, producing a Beautiful Pearly Stitch, pulling the work solidly together.

We can prove that where these Machines have been running for years at the **Highest Speeds**, in factories in Leicester, Northampton, Leeds, Bristol, and other Boot and Shoe Centres, the Manufacturers are perfectly astonished to find the **Cost for New Parts has been so very small** in comparison with the cost for new parts for the other Machines they are using.

It runs **STEADIER** at a **HIGHER SPEED** than any other Boot Closing Machine in the market, consequently **IT LASTS LONGER** and **COSTS LESS FOR REPAIRS**. Works with a **VERY SMALL NEEDLE** for the strength of Thread or Silk used.

### Boot Closing Machine fitted with Edge Cutting or Trimming Arrangement.

**Cuts and Trims the Edge of a Boot beautifully, at the same time that it is stitching. Can be used for ordinary Boot Closing when not required to Cut or Trim.**

It makes a nice clean finish, parallel with the line of stitching. The arrangement is strong and durable, and the motions are easy and without any complications. No Shoe Factory can afford to be without this Useful and Labour-Saving Machine.

It can be arranged to cut the edge either  $\frac{1}{8}$  of an inch or  $\frac{3}{8}$  of an inch from line of stitching. When ordering always see whether you want it to cut  $\frac{1}{8}$  of an inch or  $\frac{3}{8}$  of an inch from line of stitching. By having Special Extra Needle Plate and two extra knives, machine will cut both distances. This Special Needle Plate and Knives are charged extra.

BOOT STRETCHERS IN EVERY VARIETY.

# Patent "BOSS" Stretcher and Lengthener.

(COMBINED.)

*The Handiest in the World.*

ALL OTHER STRETCHERS ARE ABANDONED FOR THE "BOSS" by every Retailer who has once used one.

## WHAT WILL THE "BOSS" DO?

- 1st.—It will stretch in width and at instep any size Boot, from a Child's to a Man's largest size.
- 2nd.—It will Lengthen any size Boot, from a Child's to a Man's largest size.
- 3rd.—It Stretches exactly where required, at the extreme point of the toe, or at any desired spot without disturbing the Boot in any other part.
- 4th.—It is readily adjustable to any size Boot—a great convenience and saving of time—having to use the one Stretcher only.
- 5th.—It will Puff the Toes of Boots into correct shape.

Note.—The latter is of Importance to Retailers, as the Toes of New Boots are often broken down through bad packing and from other causes.

To do the work that the "BOSS" will accomplish you will require 3 separate Stretchers and a Lengthener of any other sort, and they are regularly advertised in the trade papers, costing from 35s. to 40s.

# THE Detachable Clickers' Knife Handle

(MARSDEN'S PATENT).

The Special Feature of this Knife presents itself in the fact that as the Blade wears away it can be projected further from within the Haft, and is still quite rigid in use. The whole is a perfectly simple, effective, and durable tool, which will, we believe, after a trial, commend itself for general adoption in Clicking, Mount Cutting, and other similar work.
